#### Some words about Molfetta

The project will take place in Molfetta, a city in Apulia, on the Adriatic coast at about 25 km from Bari. Molfetta has around 60.000 inhabitants. In the last years Molfetta's commercial activities and attractions have been improved, thanks to the recent construction of a huge shopping area, equipped with stores, national chains, outlets, luna park, hard discount, cinemas and so on. At the same time in the historical centre many restaurants, clubs, bars and youth meeting point are crowded during the week-end especially at the evening.

#### ITET G. Salvemini

ITET G. Salvemini is a technical and technological upper secondary school attended by about 650 students. It has evening courses for adults and has been offering various extracurricular activities both to our students and to the public. It offers the following courses: *Business Information Technological Systems, Administration, Finance and Marketing, Tourism* and finally *Building Crafts, Environment and Territory*.

Our didactic plan aims at matching the need of giving technical and technological skills with the need of helping students to become good citizens, in other words to help students to become not only good technicians but also good (wo)men, who are aware of social problems and who have a proper civic consciousness.

Projects (such as volunteering on a European scale, the use of alternative energies, waste recycling, journalism, sailing, scuba-diving, theatre, popular dances, creative music, home design and clothes creative graphics) always have been a part of our extracurricular offer.

#### Proposed activities for volunteers

As a volunteer, you will have the chance to support the teachers and staff, enriching the daily activities of the students. You can:

- take part of organization and promotion extracurricular activities: language workshops, sport and cultural activities, leisure and free time events, laboratory, trips and excursions, etc...,

- get involved in several projects about formal and informal learning,
- support the staff and teachers to train their foreign language skill,
- promote the international dimension of each activity bringing your own culture and attitude,
- support students with fewer opportunity and disability during their daily school activities, such as: homework, physical activities, self-confidence, etc...,
- support all the students or those who would like to be thought foreign language conversation and international project,
- support students who are going to graduate in orienteering,
- support teachers in their activities in International projects like Erasmus+KA2 Multilateral Partnership,
- teach about your own culture and the opportunity of mobility abroad for students.

### **Food and accommodation**

As a volunteer, you will live in a flat together with 3 other volunteers, in the city of Molfetta close to the school. The accommodation might be provided in single or double room with a shared bathroom. The lodging choice will be always decided by the School or InCo and it is not possible for you to choose their own accommodation.

You can have your meals:

- At local meal service able to answer to any dietary need. In this case a lunch/dinner card will be provided.
- At home, which is fully furnished with kitchen. In this case an additional amount of money will be provided.
- A combination of meal service card and extra pocket money would be also possible, according to need and the timetable of the volunteers and the school.
