ABOUT US

Caritas Upper Austria INVITA

Caritas INVITA's Headquarter and ESC-Locations

Our headquarter (administration) is located in the beautiful Danube valley between Passau (Germany) and Linz (capital of Upper Austria) in a small village called „**Engelhartzell**“. However groups and locations of Caritas invita are spread all over Upper Austria. Our accredited project-groups for ESC-volunteers are located in or close to Engelhartzell and in the so-called area of the „**Salzkammergut**“, which will be the European Capital of Culture in 2024.

Our Approach

We attend to people with mental and physical disabilities (which are our clients) and act in favor of their living, working and educational interests. Aim is to include people with disabilities into society and to enhance their autonomy in daily life. Our approach bases on the principals of the United Nations Convention on the Rights of Disabled and on the Upper Austrian Equal Opportunities Act.

Our Clients

Our clients are female and male grown-ups, facing different mental and physical disabilities. We offer to our clients: Assisted Living Opportunities, Mobile Support and Assistance, Work integration & Ability-Oriented activities.

Our Groups/Teams

Our ESC-volunteers are embedded in the work and the daily routine of their chosen project group (Assisted Living or Activity Group).

Each group has a teamleader and qualified staff members, with proven qualifications and professional experience in the field of working with people with mental and physical disabilities. On a changing basis the groups also may get support from trainees, civil attendants, and/or regional volunteers.

About the ESC-Project groups

What are: Assisted Living & Activity Groups?

Assisted Living Groups

Our clients live on these groups.

ESC-volunteers who choose to volunteer on Assisted Living Groups support their chosen team in their daily work routine. Which means to support our staff and our clients to run their household, to prepare food, to support with dressing, cooking, writing, reading, talking, cleaning, etc. If needed to accompany clients to their work places or in their leisure time (e.g. taking a walk, out- and indoor activities, handi-craft work, etc.).

After receiving your application, we will send a detailed description of each available project-group. An overview about the available groups - see the next pages.

Volunteers supporting their groups

Activity-Oriented Groups

This are the groups where our clients „work“. The daily routine is to support our staff and clients in their work environment, their activity tasks and given chores. Depending on a client's condition the tasks will vary.

After receiving your application, we will send a detailed description of each available project-group. An overview about the available groups - see the next pages.

Get involved

Create.Live.

Bring in
your own
ideas

Every volunteer is invited to bring in their own ideas and projects. You may set up projects within your project groups and/or together with the other volunteers. Whatever the project idea is, we will try to support to bring it to life. This can be a solidarity project, a cultural project, an environmental project, etc.

Be part
of the
ESC-
family

Right from the beginning you should use every possibility to set up a good network and communication with the other ESC-volunteers. You will spend your time together, live together, socialize together, share commons and differences, support each other, etc.

To be self-motivated, and self-reliant will help in many different aspects. Also use every offers and possibilities to build a network with other Austrian ESC-volunteers.
