

# EVS in the Gymnasium Salvatorerkolleg, Bad Wurzach

The school was funded in the castle of Bad Wurzach - there is a new building now, but the library is still in this amazing building!

You want to do an EVS in a school and dedicate your time working with students and teachers?

Look at those amazing stairs!!

Check out the video of Global Day 2015: You can see the Turkish EVS Nuran with her group from minute 3:30!

([https://www.youtube.com/watch?v=ikEyBI\\_JnhA&feature=youtu.be](https://www.youtube.com/watch?v=ikEyBI_JnhA&feature=youtu.be))

They asked all students where their ancestors are from and made a big world map

Liene and Anna did a project on diversity

Ruben and András work their way through the private library of a patre

All volunteers took part in every aspect of everyday work at the school:

- Work in the registration office
- Tutoring students and helping them with their homework
- Presenting in classrooms
- Helping out in the school library
- Accompanying students on school trips (yes, they got to go to UK and Italy and France with some groups!)
- Organization of sport, music or art events
- helping the maintenance guy – keeping the school nice and new and clean
- project on diversity: develop a project to make the diversity of the school visible
- there is the possibility to get involved in the activities of the refugee support group in Bad Wurzach

You want to live in a small town in an amazing surrounding? (just look at this video about the Wurzacher Ried:

Bad Wurzach is surrounded by a preserved area called "Ried"

You have to be fine with living in a small town! There is one club (some of the volunteers really enjoyed that), there are some bars and restaurants and above all there are teachers and an amazing tutor who are really doing their best that volunteers don't get bored in their free time!

You will attend a language class at the university Weingarten, so you go to Weingarten and Ravensburg (bigger cities) at least once a week

You want an EVS organization that really takes care of their volunteers and integrates them in all aspects?

You are between 18 – 30 years old? And ideally you know some German already? You can start on **1. October and stay until 15. August?**

Then this might be for you: the Gymnasium Salvatorkolleg is looking for a two volunteers!
